My world outside  
seems so far away .  
further and further  
with each passing day,  
the walls that surround me  
hold tales untold ,  
of sinners and sorrow  
all captive souls  
from within they cry out  
to be seen and be heard ,  
to be free from  
within this desperate world ,  
the ears of the world  
seem deaf to my cries ,  
why must these bars  
keep shackled  
worthwhile lives ?  
I cry out to my captures  
my soul filled with rage  
free me from these shadows

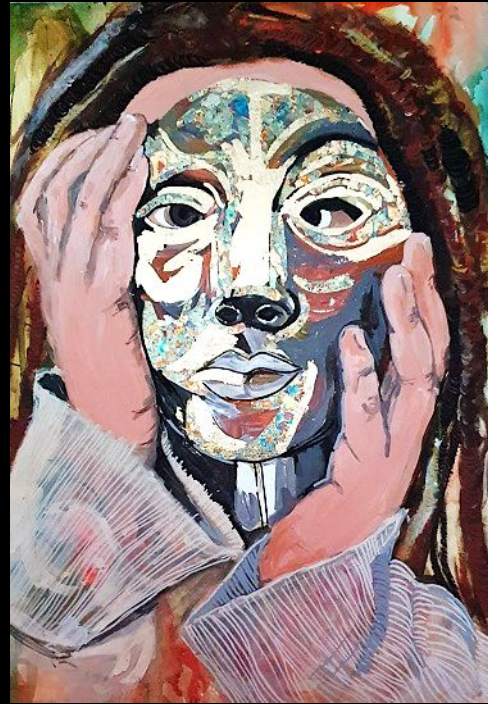

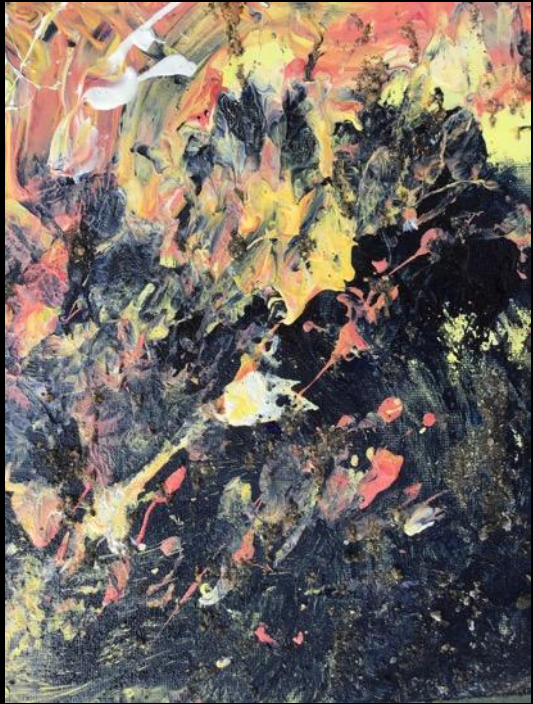

and this steel cage !!
